World's Number 1  
Air Spring.

FIRESTONE INDUSTRIAL PRODUCTS COMPANY

## Cab Springs

[www.firestoneip.com](http://www.firestoneip.com)

**F**or over 70 years, Firestone Industrial Products has been associated with an ever-evolving line of high-performance, innovative and dependable AIRIDE™ air spring products. The company is part of Bridgestone Corporation, one of the world's largest tyre and rubber companies. Today, the company provides air springs to the world's largest automotive, truck and suspension manufacturers, as well as the air springs aftermarket and industrial manufacturing.

Positioned for quick response to the global needs of the air spring market, Firestone Industrial Products' manufacturing and sales support are strategically located on four continents, with an enhanced presence in Arnhem, Netherlands, and Wolsztyn, Poland.

The European business and technical center is home to the engineering, design and testing team for Europe, as well as Firestone European business operations, including marketing, sales, distribution and business support functions. The full-service technical center is capable of conducting characteristics lab testing of air springs to determine spring rate and load-carrying capacity, and fatigue testing to determine the longevity of air springs. Additionally, the engineering department is equipped with state-of-the-art technology for designing innovative products for the European market.

Cab springs round out Firestone's comprehensive product line of air springs for the aftermarket. To place an order, please log on to [www.firestoneip.com](http://www.firestoneip.com) or call Customer Service at: +31 (0) 26 352 98 98 (Europe).
